

**Ensure your company is represented on all of our critical committees!**

**At CHPA, we want you to receive the highest possible membership value through CHPA Committee engagement.**

- Make the most of your CHPA membership with seats at the tables that shape the industry and its priorities.
- Tap into the value and strength of collaborating with industry colleagues to amplify our shared voice.
- Deepen your bench and access real-time information that will help you solve your most pressing business concerns.
- Stay a step ahead and gain insights on where the industry is coalescing to ensure your company is prepared and positioned for the future.

## What Are Our CHPA Committee Champions Saying?

.....

I appreciate the value of participating in the committee calls just to be able to hear the perspectives of other companies and to help us see who is like-minded and how we have to adjust our thinking.

.....

Because of CHPA organizing us all into Committees, we have that power of amplification and to take that intelligence and organize it and communicate it outwards within government agencies and to the media. It's invaluable!

.....

Communication for new ideas is just best in class at CHPA! They just lay out avenues for what you're thinking better than anybody - two thumbs up!
